

We Are Hiring

CFPC National Mainpro+ Program Reviewers

The Office of Continuing Competency and Assessment is seeking additional accreditation reviewers.

This rewarding opportunity allows you to play a key role in supporting high-quality continuing professional development (CPD) by ensuring educational activities are accurate, evidence-based, and aligned with national standards.

Eligibility Requirements

- Member of the College of Family Physicians of Canada (CCFP).
- Minimum of second cycle of Continuing Professional Development (CPD) credit accumulation.
- Actively engaged in clinical practice within the past two years.

Key Duties

- Maintaining familiarity in Mainpro+® and MOC event accreditation standards.
- Review accreditation applications to ensure they meet established criteria and guidelines.
- Provide clear, constructive feedback to Scientific Planning Committees (SPCs) on areas needing improvement, including suggestions for how to address identified gaps.

Time Commitment

- Estimate up to 6 hours total per review cycle.
- Flexible timeline with approximately one week for initial and follow-up reviews.

Training & Recognition

- Mandatory training provided to ensure understanding of accreditation standards.
- Training sessions can be claimed as unaccredited CPD credits.
- Participation can be cited on CVs as part of academic and scientific peer review contribution.
- Potential for future involvement in quality assurance activities.
