

CLINICAL BIOCHEMISTRY

Globotriaosylceramide (GB3) CHUS Requisition Requirement

Date issued: June 29, 2026

Effective immediately, all requests for **Globotriaosylceramide (GB3)** samples will require the CHUS (Sherbrooke University) Biochemical Genetics Requisition to be completed by the ordering location and accompany the sample along with a Biochemistry Requisition.

Samples without a completed CHUS requisition may be rejected as this is a requirement from the referred-out location: *Biochemical Genetics Laboratory, CIUSS de l'Estruém hôpital de Fleurimont, Sherbrooke, Quebec.*
